Due to a successful project, Széchenyi István University took part in the EEA Grant mobility programme in the period of 01.09.2016 – 30.04.2017, which supported students and staff mobility with the donor states: Norway, Island, Lichtenstein.

With the help of the support, our students and staff have had the possibility to visit our partner universities and to accept guests in/from the donor states. The basic rules of the implementation of a students’ or staff exchange is the same, like in the Erasmus+ programme.

At the Széchenyi Istvan University in the above mentioned period, 12 students (2 in Iceland, 10 in Lichtenstein) and 9 colleagues (5 in Iceland, 5 in Norway) took part successfully in the exchange activity. All the participants are absolutely satisfied with the motilities, they could utilized their experiences in their studies, and carreer.

Th University utilized more than 70 % of the available grant (94,813 EUR).
