

Hi everybody! I wanna say "big thank you"
for everybody who I met here. It was such a great
experience. And I'd like to repeat it again one day.
So many wonderful people at the one place...
it's impossible - I thought before. But now I know,
it's true!

Thanks a lot that I had a change to study in your university. Time that I spend here was really interesting. I enjoyed almost every moment. I have learned quite a lot about myself, different persons and different cultures. I also ~~learned~~^{learned} some hungarian language and improved my english. I met great hungarian people like you here in international office.

Thanks a lot for all of your help!

Muistelen teitä lämmöllä

Thank you for everything, people, institutions, cities, foods... Awesome, this is the word for this experience.
