PRACTING Foundation

PRESENTATION

- What kind of engineering education we need?
- What type of main components it need?

- How its possible to make it?

- Up-to-date laboratories!
- 3-6 months, Practing (trainee) – semester at industrial partners

1) Eu Phare project – application (1996)

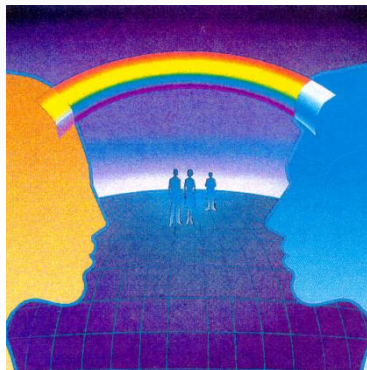

2) A PRACTING Konzorcium foundation

A PRACTING ALAPÍTVÁNY LÉTREHOZÓI:

3) Worked out the „Practing” system

Significant companies (1996-2014):

- Rába – 219 person
- Audi – 214 person
- Szintézis – Net Kft. – 122 person
- Federal Mogul – 112 person
- Nokia – 87 person
- IGM – 84 person
- Phillips – 65 person
- Kisalföld Volán – 60 person
- NEMAK – 57 person
- OPEL – 51 person
- EDAG Kft. – 19 person
- Borsodi műhely – person
- Jankovits Hidraulika – 27 person
- LUK Savaria – 25 person
- SMR – 25 person
- Zwickau – 22 person

The following department's students can take part

Presently:

- Automotive engineer
- Mechanical engineer
- Mechatronics
- Engineering teacher
- Electrical engineer
- Transportation engineer
- Logistical engineer
- IT engineer
- Business and commercial

- Minimum 3 months practice at a company
- Help for the final thesis
- Personal study schedules
- Plus certificate
- Minimum scholarship (150Eur/months)

1. Application Form
2. CV
3. Motivation letter
4. Presentation after the practical semester

Chairman: Dr. Jósvai János, B308

co-Chair: Dr. Kardos Károly, B309

secretary: Pup Dániel, Is-208

administrator: Börzseiné Takács Eszter, B303
